

| <b>Model</b>                              |                                    | <b>LFJX9.7/1.9M</b> |
|---|------------------------------------|---------------------|
| <b>Capacity (W)</b>                       | <b>Cold room temp. 0°C / 7 KTD</b> | 1900                |
| <b>Surface area (m2), fin space 3.5mm</b> |                                    | 9.7                 |
| <b>Fan</b>                                | <b>Quantity</b>                    | 3                   |
|   | <b>Fan diameter (mm)</b>           | 230                 |
|   | <b>Airflow (m3/h)</b>              | 2100                |
|   | <b>Input power (W)</b>             | 114                 |
|   | <b>Power source</b>                | 220V-240V/50Hz      |
| <b>Defrost Load (W)</b>                   |                                    | 750                 |
| <b>Pipe size (inch)</b>                   | <b>Liquid</b>                      | 3/8                 |
|   | <b>Suction</b>                     | 5/8                 |
| <b>Overall Dimensions mm (L*W*H*)</b>     |                                    | 1250 x 502 x 180    |
| <b>Fixing Centres (A*B)</b>               |                                    | 1216 x 505          |
| <b>Expansion valve</b>                    |                                    | TES2                |
| <b>Orifice</b>                            |                                    | 2#                  |

Capacities given are based on R404A/R507 refrigerant
